MATCO-NORCA

ALWAYS GROWING, ALWAYS CHANGING, ALWAYS SOMETHING NEW!

Brewster, NY - Headquarters

MATCO-NORCA began in 1952, as the pioneer import distributor of plumbing products. Since then, MATCO-NORCA has grown to be the largest, independent distributor of malleable fittings, steel nipples, valves and plumbing specialties in the U.S. Throughout the years we have established ourselves as a leader with a products line that boasts superior quality and value.

A commitment to large inventories and customer service at a local level is what sets MATCO-NORCA apart from the rest of the field. With over 400,000 square feet of inventory located across the U.S., our line of products is second to none in depth and range. National distribution centers in New York, Texas, California, and Georgia as well as regional warehouses in Chicago, Denver, Dallas, Tampa, and Northern California assures our customers that products are always readily available to ship at your request.

Americus, Georgia

Have a technical question? Our trained and knowledgeable staff offers the latest, up-to-date product information to keep you in-tune with all the new products and design application trends. Call us toll free and ask us about our new job packs.

MATCO-NORCA brings a highly specialized and unique approach to global sourcing and product distribution. We have professional inspectors in overseas that audit and inspect all of our product lines. Each factory is certified to the International ISO-9002 Quality System Standards. All products must meet strict requirements and are carefully tested to industry standards prior to shipment.

Our entire MATCO-NORCA family is constantly searching for new ways to bring extra value to our customers. This is evident in the exciting new product introductions that continue to keep MATCO-NORCA on the cutting edge

of our industry. A good example of this is our new line of "Affordable Elegance" faucets which brings the best European and American styles to market at affordable prices that guarantee exceptional value.

Our primary focus is in servicing the wholesale customer and enabling you to "build your business around ours." This allows us to focus on backing local businesses, ensuring that our support allows their future prosperity.

Due to the diversity of our product line, a Valves & Specialties Catalog as well as the Waterworks & Irrigation 2004 Catalog only is available to compliment this Faucet & Specialties Catalog. They cover brass, bronze, and PVC valves including gate valves, ball valves, check valves, heating and gas valves, pump & well products, clamps, couplings and other specialties along with our full line of cast iron valves, flanges & connecting hardware from 2" through 24". The final piece in our new trilogy is this "Faucets & Plumbing Specialties" Catalog which is packed with everything a plumbing wholesaler needs to supply to the finished side of the wall!

Our dedicated team at MATCO-NORCA is committed to your success. We encourage you to give us a call today, toll free, and have our new catalogs sent out to you right away. You can also visit or contact us on the web at www.matco-norca.com.

Limited Lifetime Warranty

All parts of the **Matco-Norca** faucet are warranted to the original consumer purchaser to be free of defects in material and workmanship. This warranty is made to the original consumer purchaser and shall be effective from the date of purchase as shown on purchaser's receipt.

Matco-Norca will replace, free of charge, during the warranty period, any part which proves defective in material and/or workmanship under normal installation, use and service. **Matco-Norca's** obligation under this warranty shall be limited to the replacement of any parts which proves defective upon **Matco-Norca's** inspection of such product. Replacement parts can be obtained by returning the defective part to your local **Matco-Norca** dealer, transportation charges prepaid, with a copy of the purchase receipt or by calling 800-431-2082.

This warranty is the only expressed warranty made by **Matco-Norca** and is limited to the duration of this warranty and all other expressed or implied warranties, whether implied by operation of law or otherwise, without limitation, all implied warranties of merchantability and fitness or fitness for particular purpose, are excluded under no circumstance, and in no event, will **Matco-Norca** be liable for personal injury of property damage or any other loss, damage of any kind, whether based upon warranty, contract, strict liability, negligence or any other cause of action arising in connection with the design, manufacture, transportation, installation, use or repair of the product sold by **Matco-Norca**. Buyer hereby acknowledges and agrees that under no circumstances and in no event shall **Matco-Norca's** liability, if any, exceed the replacement of the defective product(s); no additional amounts shall be made for the labor or damage resulting from the same, except as expressly set forth in this paragraph, all products and/or services provided by **Matco-Norca** and its employees and agents are provided "as is" and "with all faults".

Some states do not allow the exclusion of limitation of incident or consequential damages, so the above limitations or exclusion may not apply to you.

This warranty is void for any damage to this faucet due to misuse, abuse, neglect, accident, improper installation, any use in violation of instructions furnished by us, or any use of replacement parts other than genuine **Matco-Norca** parts.

TERMS & CONDITIONS OF SALE

Acceptance

Orders whether verbal or written, are subject to acceptance by Matco-Norca, Inc. Hereinafter referred to as the seller at its Brewster, N.Y. office. No terms or conditions of buyers order contrary to seller's terms and conditions shall be binding upon seller unless specifically agreed upon by seller in writing. Seller acceptance of orders shall occur by written acknowledgement or tender of delivery of goods and or services the subject hereof (goods) which ever shall occur first.

Prices and Sales Policy

Until written confirmation of this contract has been received by buyer, all prices are subject to change without without prior notice. We reserve the right to adjust orders orders to standard package quantities unless otherwise stated on the buyers purchase order. We reserve the right to make product improvement without notice. If seller determines buyer's credit is unsatisfactory or there is reasonable doubt concerning buyer's ability to pay, payment in advance may be required or buyer shall provide security for such payment in an amount and form acceptable to seller. Unless otherwise specified by seller, terms are 2% 10 days/net 30 days.

Taxes

All prices are exclusive of taxes and excises. Sales, use and other taxes, by whomsoever levied, are to be paid by the buyer and unless invoiced, are to be paid by the buyer direct to the appropriate governmental agency. Buyers are required to furnish seller with a copy of their tax exemption of resale certificate, otherwise applicable state sales taxes will be charged.

Delivery and Shipment of Materials

All goods are sold F.O.B. sellers warehouse. Delivery of material to a common carrier shall constitute delivery thereof to buyer and risk of loss shall pass to buyer at such time. Claims for damage to or loss of material in transit shall be filed by buyer with carrier. Buyer assumes all risks and liability for the results obtained by the use of material delivered hereunder. No claim of any kind, whether as to material delivered of for negligence or otherwise, shall be greater in amount than the purchase price of the material in respect to which such claim is made. In no event shall seller be liable for indirect or consequential damages or for anticipated profits or loss of use of equipment.

Returns and Cancellations

Permission in writing and return authorization must be obtained from seller before any goods are returned. All returns must be pre-paid, no collect shipments will be accepted. All returns made for reasons other than defects are subject to a re-stocking charge. Discontinued goods are not returnable. Cancellation of orders may be made only with the sellers written consent and shall be subject to cancellation charges.

Governing Law

The entering into, construction, interpretation, performance and discharge of the terms set forth herewith shall be governed in accordance with the laws of the State of New York.

Limited One Year Warranty

Seller warrants the material to be free of defects in material and workmanship, under normal use, proper maintenance and proper operation, for a period of one year from the date of delivery to a common carrier for shipment to the buyer or his designated agent. The obligation of the seller is limited to (1) repair of the material, or (2) replacement of any component or components proved defective in material or workmanship, or (3) refund of the purchase price.

Seller shall have no liability for the cost of removal or reinstallation with respect to any replaced or repaired product. The election of said remedies shall be determined by seller in its sole discretion and shall be considered final disposition. All implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are hereby disclaimed and excluded. This warranty is in lieu of all other warranties, guarantees, agreements and similar obligations of seller, in no event shall seller be liable for consequential or incidental damages.

Claims

No later than ten (10) days from receipt of material buyer will report, in writing, all claims for any damage, defects or shortages. All claims, including for alleged damage or defective material, shortage negligence or any other cause whatsoever "(defective performance)", shall deemed waived unless made in writing within the ten (10) day period. However, any defective performance not discoverable within said ten (10) day period (including that discoverable only in processing or in further manufacturing) shall be deemed waived unless made in writing and received by seller in writing within 90 (90) days after receipt or within ten (10) days after buyer learns of the alleged defect, which ever comes first. Seller's liability shall in no event exceed the purchased price of the material in respect to which the claim is made, or at the election of seller at its sole discretion, and to repair or replacement of such material. Seller shall not be liable for and buyer assumes all responsibility for, all personal injury and property damage resulting from handling, possession, use or resale of the material by buyer. In no event shall seller be liable for incidental or consequential damages, whether buyer's claim is in contract, negligence or otherwise. If claim is made, buyer shall permit seller at seller's option, to reinspect the material at buyer's plant or if seller so directs, buyer shall return the material at buyer's expense to seller's facility for reinspection. No material may be returned to seller without prior written permission from seller.

Force Majeure

Anything in this agreement to the contrary notwithstanding, it is expressly agreed that seller shall not be liable for any damages resulting from, and buyer shall not have the right to cancel this order because of any delays caused in whole or in part by fires, floods, windstorms, tornadoes, wars, riots, insurrections, strikes, lockouts, sit-downs, slow-ups, or other labor trouble, causing cessation or interruption of operation or by accident, material shortages, labor or fuel shortages, or inability to procure labor or materials, either on the part of the seller, or because any plant, plants or any portion thereof belonging to seller have been commandeered by the legally constituted public authority, or because any priorities or preferences established for the manufacture, assembly or allotment of materials by order, decree, or to otherwise of the United States, or by any department, bureau, commission, agent or administrator of any legally constituted public authority in any plant of seller, or any of its suppliers or resulting from any other cause beyond the control of seller.

OUR COMMITMENT TO QUALITY

MATCO-NORCA continues our commitment in maintaining a high standard of quality for all the products we offer. Various products in this catalog are labeled with a designated approval or certification code. Below is a brief description of these approvals.

**I.S.O. 9002
CERTIFIED**

International Standards Organization - a worldwide standards coordinating organization. An internationally recognized certification for manufacturers that comply with high standards of quality control. Developed standards ISO-9000 through ISO-9004.

International Association of Plumbing & Mechanical Officials - qualifies and lists products suitable for use in plumbing situations.

National Sanitation Foundation - a non-profit organization best known for its role in developing standards for equipment, products and services. Many standards govern products for residential use.

American Society of Sanitary Engineering - develops standards and qualifies products for plumbing and sanitary installations.

Canadian Standards Association - develops standards, tests and qualifies products used in gas lines and gas appliance installations.

Underwriters Laboratories - tests and qualifies valve and fitting products under UL standards for safety.

Factory Mutual - develops standards and qualifies products for use by the general public.

American Water Works Association - promotes public health through improvement of the quality of water. Develops standards for valves, fittings and other equipment.

American Disability Act - assures that products fully comply with the provisions of the act to ensure equal access for physically challenged users.

American Society of Mechanical Engineers - develops standards for materials and testing as well as finished products.

American Society for Testing of Materials - develops standards for materials, products, systems and services.

American National Standards Institute - organization that coordinates the work among U.S. Standards Writing Groups. Works in conjunction with other groups such as ISO, ASME, ASTM, etc.

Mechanical Standardization Society of the Valve and Fittings Industry, Inc. - a committee of manufacturers that develops technical codes and standards for the Valve & Fitting industry.
